

We understand that as a young carer, it's hard to find the time to work towards your own goals.

If you are under the age of 25, living in Sydney and care for a family member or friend, contact us today to see how our Carer Achievement Pathway project can support you!

At no cost to you, Carers NSW can offer:

- ✓ Access to other young carers in similar situations
- ✓ Access to a tailored digital platform that is designed to help you track your progress
- ✓ Referrals to services that are specific to the support you are after
- ✓ A one-stop shop to help you achieve your education and employment goals

Carers NSW will work with you directly to find the right services for you so you will be supported in your caring role and make time to work towards achieving your employment or education goals faster.
