

Do you work with young carers who need support reaching their employment and education goals?

**Do you find it difficult to refer them to services that are right for them?
Consider referring them to the Carer Achievement Pathway program**

The program is a free service that is young person centred and focussed on supporting young carers to achieve their goals.

Carers NSW can offer:

- Personalised support to guide young carers through the process of setting and reaching their goals
- Coordinated referrals to reduce the challenges of accessing various services
- Individual coaching and mentoring
- Access to other young carers in a similar situation
- A tailored and purpose-built digital platform to support young carers

Who is eligible?

Young carers under the age of 25 who live in Sydney and care for a family member or friend with a disability, mental illness, drug and/or alcohol dependency, chronic condition, terminal illness or who is frail.

Carers NSW understands the role and the challenges of life as a young carer.

From identifying training and career pathways to assisting young carers to reach their full potential, this program is a one-stop shop for referrals, support and more!

To refer a young carer or learn more about the Carer Achievement Pathway program, contact trytestlearn@carersnsw.org.au or call (02) 9280 4744.
