CARERS NSW LAUNCHES NEW LOOK WEBSITE

Carers NSW has launched its new look website with a vibrant design, new features and improved usability at www.carersnsw.org.au

Carers NSW CEO, Elena Katrakis said, "The new user friendly website has been developed to provide a clean, accessible site with improved search and navigation functionality."

"The new Carers NSW website contains a range of information and resources for carers, services providers, health professionals and the general public," Ms Katrakis said.

Other features include an events calendar, online membership and registration, carer stories, latest news and e-newsletters, and information on how the public can get involved with Carers NSW.

The launch of the new website is the culmination of a long development process that has included an extensive review of online content to ensure information is current, easy to understand and find.

"The new website is an exciting tool for Carers NSW, and we hope it will serve as a useful information point for carers and the public."

"We welcome any feedback from users in relation to the accessibility and look of the new website, and encourage the public to let us know what you think," Ms Katrakis said.

The website is now live, and can be found at www.carersnsw.org.au
