

‘Know your rights’: A free webinar series on the complaints pathways available to carers

Knowing your rights helps you understand what you can and can't expect as a carer when you access services, and what to do if a problem arises.

This free webinar series outlines the rights carers have when accessing a range of services with or on behalf of the person they care for. Rights that can be upheld through formal complaints pathways are the focus.

The series is based on eight fact sheets developed by the Carer Rights & Complaints Network, available online at: www.carersnsw.org.au/advice/rights-complaints.

The webinars will take place monthly from February 2021 using Zoom, with both video and audio-only connection options available. Registration is now open for the following sessions:

- 1. What rights do carers have?**
Wed 17 February 2021, 12-1pm
Register online [here](#).
- 2. What can carers do about issues with aged care services?**
Wed 17 March 2021, 12-1pm
